ROSS, MURRAY, CRUCE AND KIRK FOR GOVERNOR

WILL PULL OFF THEIR 4TH SERIES OF JOINT DISCUSSION IN ADA TOMORROW—1000 DEMOCRATS EXPECTED.

Each Candidate Has Friends in Ada. All Will Be Treated Courteously. Mr. Braley, Cruce's Manager, Appears Satisfied.

It appears that the attendance on these gubernatorial candidates speaking engagements rather presages a present political indifference. The candidates, Cruce, Ross, Murray and Kirk spoke at Anadarko Wednesday and Enid yesterday. They are in Oklahoma City today and will arrive in Ada tomorrow morning.

The News has refrained from publishing any lengthy reports of the "match up" discussions now in progress over the state among the several candidates for democratic nomination for governor under the circumstances. It is difficult to secure unprejudiced reports of these discussions, since this press is not able to employ a special correspondent nor expend very much in press telegraphic tolls.

There will probably be a 1000 city and Pontotoc county people attend the political discussions tomorrow, which will be held in the large tent, erected at the corner of 13th and Broadway on the Sam Torbett lots.

Col. Leslie P. Ross, the Lawton candidate will speak first, the next candidate appearing will be Gen. Brant Kirk, the next Hon. Wm. H. Murray and the last Hon. Lee Cruce. The time limit of each speaker has not been determined, but the speaking will practically consume the day after 11 o'clock, allowing a liberal respite for dinner.

Col. Ross has probably less acquaintance in Ada than either of the other candidates, but he has two or three old time friends here who will be glad to look after his personal comforts and to extend him all political courtesies. And Col. Ross was a friend to the Ada normal, too, at one time. Gen. Brant Kirk has lots of friends among the old veterans and the sons and daughters—especially the daughters and he will want for nothing—from the most spectacular to the quiet tete-tete on the side with the ladies. Hon. Wm. H. Murray has

M. E. TRAPP
Candidate for State Treasurer.

several sincere Ada supporters, but it is thought his principle strength in Pontotoc county is with the farmers.

It is the consensus of opinion among the more active political fellows in the city that Hon. Lee Cruce will receive a majority in both the county and city. While Hon. Wm. H. Braley, Mr. Cruce's campaign manager for this county is not given to much talking, especially boasting of Cruce's lead in Pontotoc county, it is thought that he is supremely satisfied with the outlook and rather courts letting well enough alone.

Carlton Weaver who is a supporter of Mr. Murray believes that the democratic farmers of Pontotoc county as a large majority and enough others in the trades and commercial pursuits in the towns will support Murray to make his vote in his neighbor county on the north a very creditable one.

ABERNATHY BOYS START HOMEWARD IN AUTO

After Bidding Colonel Roosevelt Good Bye Youngsters Depart.

New York, July 6.—The Abernathy boys, Louis and Temple, who rode horseback from Oklahoma to New York to greet ex-President Roosevelt, left for home today in their runabout automobile. Marshall Abernathy accompanied the youngsters in their touring car.

They called on Roosevelt in his office here this morning to bid him good-bye.

Hearing the Waters-Pierce Oil Case.

Enid, Okla., July 6.—Judge A. H. Huston of Guthrie is hearing the Waters-Pierce oil case here. The defense contended that no term of the district court could be held now legally because when Judge Garber adjourned the term till July 5, it had the effect of sine die adjournment. Judge Huston overruled this contention and the hearing is no win progress.

GOVERNMENT WINS IN FLOUR SUIT

PROSECUTION IN "BLEACHED" CASE GOES AGAINST MILLERS.

WILL ASK FOR NEW TRIAL

Defendants Convicted of Adulterating and Misbranding Flour, to File Motion for Rehearing.

Kansas City, July 6.—"We, the jury, find the flour seized was adulterated."

"We, the jury, find the flour seized was misbranded."

These two separate verdicts were returned in Federal court here today by the jury which for more than five weeks listened to the testimony for and against the charges of the government that 625 sacks of flour, bleached and sold by Lexington Mill and Elevator Company, of Lexington, Neb., and seized by the government while in the possession of the purchaser, a grocer at Castle, Mo., was adulterated and misbranded.

The verdict, which was returned after seven hours of deliberation, was a complete victory for the government, which prosecuted the suit under the national pure food and drug act.

The government charged that the flour was adulterated in that it was bleached by the Alsop process which makes the use of peroxide nitrogen peroxide in bleaching flour. The misbranding was charged in the flour seized which was labeled "Fancy Patent Flour," and the government contended that it was not fancy patent flour because it was not made from first grade hard winter wheat. Attorneys for the millers will file a motion for a new trial within twenty days.

The millers say the bleached flour decision will handicap the farmers of the southwest to the extent of from 15 to 18 millions of dollars this year. They say that the old differential of 5 cents per bushel in vogue in Chicago and St. Louis markets five years ago before the bleached flour came in will soon appear again. They further say that the farmers of Missouri, Kansas, Oklahoma and Nebraska will lose 5 cents per bushel on the present crop and that flour made from hard winter wheat will soon be selling at 25 cents per bushel less than the present.

FIGHTERS' GRAND TOTAL RECEIPTS WAS \$322,412

James Jeffries and Jack Johnson are \$322,412 richer as a result of the big fight at Reno and their theatrical engagements before the battles. Jeffries pulled down the lion's share of the coin, having dragged down a total of \$191,812, which includes his picture money and the gate receipts from his tour before the fight. The following table shows from what sources the money was received:

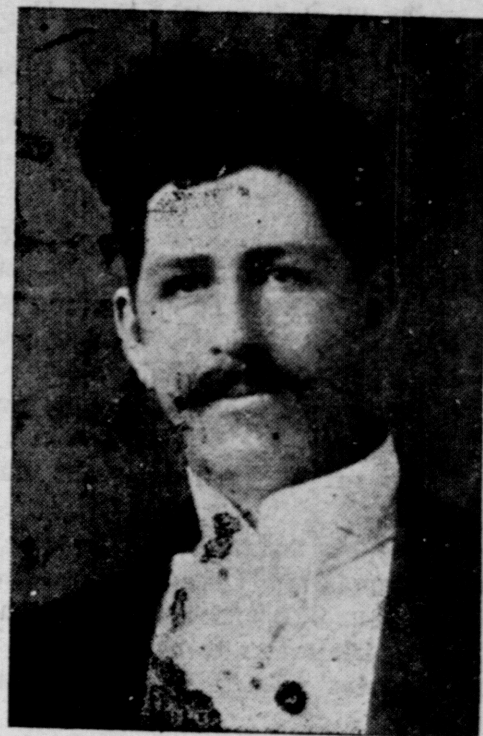

Jeffries.
Share of fight purse\$40,400
Bonus 10,000
Picture money 66,606
Tour previous to fight 62,812
Other engagements 12,000
Total\$191,812

Johnson.
Share of fight purse\$60,600
Bonus 10,000
Picture money 50,000
Engagements before fight..... 10,000
Total\$130,600

Johnson, however, will reap a rich harvest in his after-fight engagements. He is already assured of many weeks before the foot lights.

NEGRO OUTRAGES TWO WHITE WOMEN

Posses Seek Negro Near McAlester. One of the Victims Beaten by Assailant.

McAlester, Ok., July 6.—A message just received at police headquarters states that a negro about dark this evening outraged and brutally beat a white woman at Alderson, a mining town nine miles east of here. Coming west two miles he entered a small farm house and outraged the farmers' wife. A good description of him was obtained and it tallies with that of a negro who outraged a nine-year-old girl one mile west of this city Sunday.

All of the officers of this city, Krebs and Alderson, with a posse, are hunting for him during a rain and electric storm.

He was last seen at No. 8 Busby Mine, headed this way.

SAYS HE HAS FOUND DR. COOK'S RECORDS

Seaman and Miner Asserts He Found Evidence on Mount McKinley that Cook Made the Ascent

Colorado Springs, Col., July 6.—P. J. Cardigan, an able seaman and placer miner, who arrived in Colorado Springs a few days ago, said today that he had climbed Mount McKinley and found there the copper tube and records left by Dr. Cook to establish the latter's claim of having first ascended the mountain.

Carrigan's story is regarded by John R. Bradley, Dr. Cook's former backer, as sufficiently plausible to warrant careful investigation.

ENGLISH ALARMED AT RENO VICTORY

THINK IT IS AN ABSOLUTE NECESSITY TO HOLD THE NEGRO IN CHECK.

JOHNSON REFUSES TO FIGHT

Will Go to Europe to Fight Engagements—Is Not Very Much Disturbed at Picture Situation.

London, July 6.—The racial conflicts following the Jeffries-Johnson fight at Reno are the theme of general discussion in the British press. Varying opinions are expressed, but the universal admission is that Johnson's victory has made the problem for the United States much harder than before.

The Daily Telegraph in an editorial says:

"It is useless to hold up the hand of reprobation here. These things are brutal an vile, but behind them lies the absolute necessity to keep the negro race a little in check, for if it once gets out of hands there will be worse scenes under the stars and stripes than have ever yet been witnessed there."

Johnson Refuses to Fight.

Grand Island, Neb., July 6.—Champion Jack Johnson told a representative of the Associated Press during the stop of his train for five minutes here tonight that he positively would not fight for a year and indicated that he would not consider any challenge from Sam Langford.

"Just say for me that Langford has not got a chance," said Johnson.

"I'm not going to fight again for one year. I think I have been square with the American people and have done all I can be asked to do for a while. I have put up five fights in rapid succession. I believe I am entitled to take some time before going into the ring again.

"I am going to Europe and fill some of the numerous contracts I am receiving and that I have here now" pointing to a bunch of letters lying on a table from which Johnson and Mrs. Johnson were eating dinner.

"No, I shall not go to Europe at once," Johnson continued in answer to a query. "But during September."

"What about the pictures?" asked the champion who had not received the news of the day.

When informed about the action of the authorities at Washington, the declaration of Governor Hadley, etc., the big champion replied:

"Well I am not surprised at it and especially not at Washington," and it was said with a "well I can stand it" air.

ROBERT TAFT NOT TO BLAME FOR AUTO ACCIDENT

Tooted Horn and Slowed Down, But Italian Got in the Way.

Boston, Mass., July 6.—To no fault of Robert Taft, son of the president, was due the injury which the automobile he was driving caused Michael Tithwalla, an Italian laborer, June 27, according to the finding of the Massachusetts Highway Commission, made public tonight. Young Taft's operator's license, which had been held up pending an investigation of the accident will now be renewed upon application.

The statement says an impartial eye witness testified that young Taft when approaching the number of men at work on the road, blew the horn of his car and proceeded very slowly. The man injured stepped directly in front of the automobile and was knocked down.

Holiness Woman's Prayer Too Loud.
Hutchinson, Kan., July 6.—Because Mrs. Grant V. Bibber and her fellow members of the Holiness church prayed too loud and long of nights, Mrs. George H. Fiedler, her neighbor, brought about Mrs. Van Bibber's arrest today on a charge of disturbing the peace.

"I know we are praying a little loud," protested Mrs. Van Bibber when the warrant was served, "but we are praying for Mrs. Fiedler. We want to save her soul and the devil is encouraging her to resist."

FACE STILL BADLY MARRED

"It Is What We Might Have Expected," Says Mrs. Jeffries, Who Feels the Situation Keenly.

Oakland, Cal., July 6.—James J. Jeffries arrived in Oakland this morning in a private car. He was accompanied by his wife, brother and a number of intimate friends.

He refused to see visitors, even declining to see old friends who arrived to extend their personal condolences.

The big fighter's face is still badly marred and his eye is almost closed. He walks with his head down and his spirit seems to be gone.

Jeffries refused to answer the assertions of Muldoon and others that he was "all in" before he ever entered the ring.

The fighter maintains an absolute silence.

"It is what we might have expected," declared Mrs. Jeffries.

She apparently feels the former champion's position keenly, and though she refuses to discuss the interviews printed in the morning papers, in which Jeffries' trainers and friends say that he was to all seemingly a nervous wreck before he entered his dressing room, it is evident that she had read them all.

Jeffries, on the other hand, refuses to look at a paper, it is said, and smiles grimly at any one who offers a word of criticism of his tactics during the fight.

"My steam was gone. I knew it in the fourth round. I tried to fight, but I could not," he said once or twice since the defeat, but of the reasons which led up to this condition he refused to speak.

SOCIALISTS ORGANIZATION DEFENDS THEIR APOSTLE

Circulating the County With a Philippic Against the News, Because It Related Wholesome Truth.

Several of the leaders of the socialists in Pontotoc county became very much exercised at the publication in the Daily News of Tuesday of an article briefly reporting the progress of the socialists transactions during the first day of their three days county encampment.

The News is informed that the county socialists organization are at this time having printed several thousand of certain philippic utterances against the News accusing its proprietor of slandering their apostle, Stanley J. Clark.

Now, the News is not going to engage much time or employ much space in support of any issue, which the county socialists organization would strive to join with the News press. The News man is too busy, he has to work. Stanley J. Clark, the hero of the socialists here-around would have to work too, or work his followers, if he should pay the News for honest labor performed more than two years ago and which amounts to nearly three hundred dollars.

Stanley J. Clark should not let the socialists organization of Pontotoc county in where there will be some difficulty in getting out. The News has it on you Mr. Clark.

STEAMER ON FIRE 45 PASSENGERS ON BOARD

Grand Republic Catches on Fire. Death Stares Passengers in the Face, But All Are Saved.

New York, July 6.—The old wooden three decker Grand Republic, a sister ship of the ill-fated excursion steamer General Slocum, caught fire this afternoon while passing through the Narrows on her way to New York from Far Rockaway and hurried full steam ahead with her whistle blowing a continuous succession of short nervous blasts and a plume of smoke trailing behind her, for a Brooklyn pier.

Her 45 passengers were all landed safely and the fire was extinguished with \$2,500 damage, but there was great alarm in the city and on the harbor until the full details were known. Every body remembered how a little more than six years ago the Slocum caught fire in the East river when crowded with 1,500 pleasure seekers, mostly women and children, and burned to the water's edge with 938 drowned, crushed or baked alive.

INFURIATED SOCIALISTS NEARLY MOB DEMOCRAT

CLARK, THE DISCIPLE OF HERR BEBEL INCITES SOCIALISTS IN McCLAIN COUNTY TO NEAR FRENZY.

Judge Glasco Strongly Threatened, But Got Away Uninjured by Aid of Sane and Sensible Citizens.

Judge Glasco, at Bennett's School House, in the southwestern part of the county, on last Thursday evening, was strongly threatened by an infuriated mob of Socialists, who were angered by the hard shots he is pouring into them, but he managed with the aid of the many good Democrats in the audience, to get away uninjured. The usual plan of the Socialists, in debating the aims and objects of that cult, is for their speakers to confine himself to certain lines, that are not the real things of Socialism, and then, when one goes beyond those lines, claim that he is violating the rules of debate. Judge Glasco takes up Socialism as it actually is, and makes his talks along those lines. He started in his campaign by getting Clark, the great apostle of the imported doctrine, to say that he endorsed the works of Herr Bebel, the great German leader, and establishes this endorsement by unquestionable witnesses. He puts up a certified check for fifty dollars at his meetings, which he agrees to give to any one who will show that the quotations he makes from Bebel are not exactly as given in his works, then proceeds to read the pernicious doctrines that man preaches, in which he urges free love, the abrogation of the marriage law and so many other unspeakable theories. Of course this way of telling what Socialism actually is doesn't set well with those who are preaching it is a greater thing than the gospel handed down by the Man of Sorrows, and they become sore. At the meeting on last Thursday evening Socialists had gathered from the three counties cornering near that place, and one of them wanted to talk after Glasco had concluded his remarks, but the Judge dismissed the audience, and then the trouble began. Glasco's sledge hammer blows, together with the hot fight being put up by Col. McCain, is making a good many of the misguided ones who have shown a disposition to stray after false gods to see things in a different light, and to think better of leaving a party of established principles, to follow one based upon the doctrines of free love, communal ownership, atheism, anarchy and the many other freakish ideas advocated by Bebel, Engel and the other progenitors of the Socialist party—Purcell Register.

RAINS ALL OVER PONTOTOC COUNTY

ONE OF THE LARGEST CROP YIELDS IN YEARS IS PRACTICALLY ASSURED.

The threatened drouth was broken last night by a heavy rainfall which reached nearly every part of the county, according to reports. All over the southern, central and eastern sections of the county an abundant water fall is reported.

At Ahloso there was a fine rain and farmers are of the opinion that there will be one of the biggest yields of corn, cotton, wheat in fact of all agricultural products in that vicinity in years. The welcome precipitation extended far enough east of there to be safe in saying that it covered the eastern part of the county; for rain is reported as far as Toledo on the other side of Tupelo and we do not know how much further.

At Allen there was a glorious supply of moisture and as far around Allen as news had come this morning. Farmers and business men are feeling jubilant over prospects of a bountiful harvest, which bids fair to be a record breaker.

At Roff splendid rains fell putting new life into every thing that lives; and there, as every where, people are feeling better, happier and richer.

The rains extended southward, but it is not known definitely how far. Any way Hickory is reported blessed with the showers. Hart, Dolberg and Lightning Ridge, some of the finest farming country in the state received good rains.

In the extreme western part of the county only light showers fell, but farmers say they were not needing rains very badly in that portion of the county; and, if they can get a rain within the next ten days good crops are assured for them.

It is the opinion of responsible farmers and business men of the county who are acquainted with crop situation that the prospects for a bumper crop of all farm products were never better in Pontotoc.

Indian's Back Broken

Tom Carney, a big injun who lives a few miles east of town, has received serious injuries from which he is more than likely to die. As it is reported, Tom attended the Socialist picnic Tuesday, tanked up on socialist lemonade and judging from his physical stature one would think a half barrel was drunk, for his weight will reach nearly 300 pounds. Well, to continue the story, Tom after having taken an copious supply of this delicious drink gets weak in the knees and heavy headed, and fell over against a stump on his way home. As a result of the fall his shoulder is smashed, his back is broken right across the middle, and he is expected to die. Did you ever read the story of old Tray?

Mr. Ramsey has just installed something new in the way of a weighing machine. You drop a nickel in the slot and it speaks your weight right out. Mr. Ramsey has kindly offered the proceeds derived from this machine for three days, beginning today, to the Home Mission society of the First Methodist church. Their expenses were very heavy on account of the state conference which they entertained and they would appreciate their friends stepping in the drug store and dropping five cents in the slot.

THEY WILL BE HERE SOME.

The several threshers going in the county will keep many farmers away from the political speaking tomorrow. But it is thought that several hundred visitors will be in the city.
